The SPA at Eaglewood Resort Completes Renovation

Itasca, Illinois, February 2016 ... [Eaglewood Resort & Spa](#), the Midwest's premier Four-Diamond conference center and leisure resort, has recently completed a full beautification of the wellness Spa including all 10 treatment rooms, nail and hair salon, tranquility lounge, make-up suite and boutique.

With a full-service menu ranging from aromatherapy massages to soothing facials, guests will feel the warmth and inviting atmosphere of the Spa from the moment they arrive. The Spa provides resort guests, local residents and wedding parties with a rich palate of services for achieving an ultimate state of wellness for the body and mind.

"The Spa is truly a sanctuary for anyone looking to relax and refresh," said Tom Garcia, general manager at Eaglewood Resort & Spa. "With the recent upgrades, this local offering is really a one-of-a-kind location for anyone planning a girl's getaway or couples retreat, and for corporate groups looking to add a unique experience to their next meeting."

Keeping in line with the prairie-style concept of the resort, the makeover included new pedicure chairs, carpeting, wallpaper, draperies, upholstery and a brand new water feature. The project was designed by [Concept Group Interiors](#), based in Bloomingdale – the same group that designed the Resort's new Market cafe [earlier this year](#).

The renovation comes just in time for the Valentine holiday, with gift cards and customizable packages available. Visit [EaglewoodResort.com](#) for more information.
